

Nomansland Cricket Club – Changing & Showering Policy.

Club best practice principles to be adopted by all, wherever possible as follows:

- Adults must not change, or shower, at the same time using the same facility as children - if the same changing room is used then they must have different changing times and this clearly and tactfully communicated to all Team members.
- Wherever possible all Youth Players under the age of 18, arrive for fixtures and training sessions, already changed to participate in cricket related activities.
- Mixed gender teams must have access to separate male and female changing rooms.
- Due to the risks of potential inappropriate photography or filming, mobile phones must not be used in changing rooms.

**Reviewed & endorsed by Club Executive Committee & adopted by Club:
23/10/2022.**
